Ride A Wave 2004

Mission Statement

To give everyone the chance to experience the thrill of riding a wave, whether they are physically, economically, or developmentally challenged. Our focus is to eliminate any barriers that stand in the way of fully enjoying the environment.

Ride A Wave Goals

To ensure all participants have a fun, safe, and unforgettable beach experience. We accomplish this by offering a full day of beach and ocean activities including:

Lifesaving Demonstrations

Surfing

Swimming

Bodyboarding

Kayaking

Beach Games

All events are supervised by professional instructors or on a one-on-one basis. Each participant leaves the beach with a better understanding and respect for the ocean.

Who is Ride A Wave?

Ride A Wave (RAW) was started by a generous donation from the Santa Clara Professional Firefighters 1171. We are a diverse group of dedicated professionals including:

National Lifeguard Champions
World Class Tandem Surfers

Ultradistance Paddleboard Racers
Super Heroes & Heroines

Big Wave Surfers
